

Victoria's Community Pharmacist Pilot

The pilot allows you to receive some treatments at a local pharmacy without needing to see a doctor to get a prescription first.

Services include:

- Continued supply of oral contraceptive pills, without a prescription.
- Treatment for uncomplicated urinary tract infections in women.
- Travel and other vaccines.
- Treatment for shingles and mild plaque psoriasis.

For more information speak with the pharmacist, or visit Better Health Channel

It is FREE to see the pharmacist, but some pharmacies may charge a fee for travel health consultations.

These services are part of the Community Pharmacist Pilot, funded by the Victorian Government.
