Measles cases are increasing
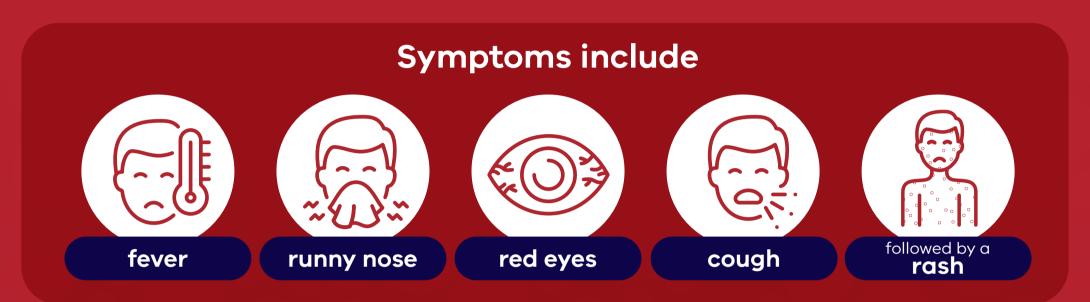

Measles outbreaks are happening worldwide, including in **Vietnam, Thailand, Indonesia** and **India**

Symptoms include

| fever | runny nose | red eyes | cough | followed by a **rash** |

Protect yourself and your family:

- Get vaccinated
- Free vaccines for infants (6+ months) travelling overseas
- Free vaccines for anyone born during or after 1965 without two doses

Feeling unwell? Stay at home and call your GP clinic or hospital

Tell staff you think you might have measles and wear a face mask to help stop spreading the infection to others.
